

# Schoology

Daniel Kim, Director of Instructional Technology

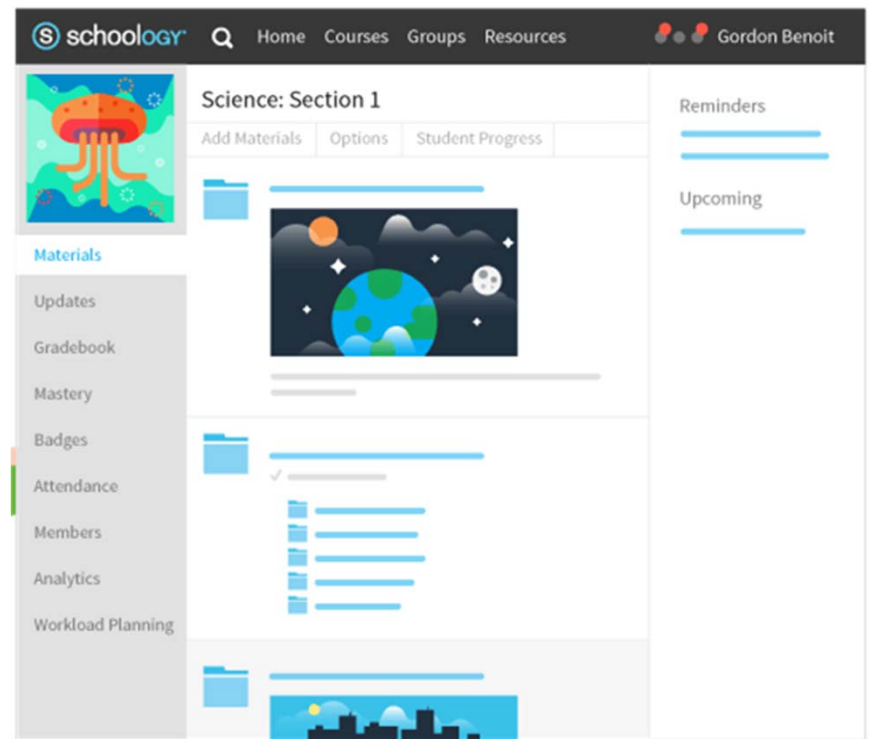

- Schoolology is a Learning Management System (LMS) that allows teachers to electronically share classroom materials, announcements, and distribute and collect assignments.
- Students/Parents will use Schoolology for:
  - Grades
  - Course Materials
- We will be running parent/guardian training sessions on Open House for access and navigation.
  - 6:00 to 9:00 pm
  - Deerfield Library

- So Why Schoolology?
- After vetting multiple LMS choices, our District Technology team and the DEA Technology Committee chose Schoolology for district-wide use.
- A district LMS gives us the opportunity to create a single login experience for students and their parents.
- Promotes educational consistency to increase student outcomes

The screenshot shows the Schoology Help Center interface. At the top, it says "Schoology Help Center" and "Eng". Below that is a search bar with the text "Search". The breadcrumb trail reads "Schoology Support > Students > Parents". The main heading is "STUDENTS > PARENTS". On the left, there is a list of links: "My child has graduated. How can I delete my account?", "Parent Guide", "Sign Up as a Parent", "Login (Parent)", "Home Page (Parents)", "Personal Account (Parent): Settings", "Personal Account (Parent): Notifications", "Personal Account (Parents): Privacy", "Profile (Parents)", "Add Children Associations (Parents)", and "See more". On the right, there is a "PARENT GUIDE" section with a "Follow" button. The text describes the guide as a hands-on resource with step-by-step walkthroughs. Below this is a "Parent Guide" section with a list of links: "Sign Up", "Login", "Home Page", "Add Children Associations", "Account Notifications", "Account Settings", "Account Privacy", "Link Parent Accounts", "Parent Email Digests", and "Profile".
